

## **Instructor Development Administrator Report - Spring Meeting - April 2024**

We currently have 13 ID Instructors listed with National for the Ohio Region which should provide sufficient resources to conduct classes. It has been and continues to be a bit challenging to get records updated accurately but hopefully that will all be sorted out soon. I hope each area offers up a course over the off-season for patrollers who want to begin their journey to instruct in any NSP discipline.

There have been some changes to the hybrid version of the ID program including a new online program that was released earlier this year. The hybrid version is probably the easiest way to deliver the course but it can still be delivered as a totally instructor-led course if desired. All the needed materials and course process are available and easy to follow on the NSP site for instructors.

Hopefully these actions and options set us up for success in the Ohio Region to enable us to provide quality ID courses that are consistent across the Region. As always, I am open to feedback and suggestions as to how to make this foundational course the best it can be for our up and coming instructors across all disciplines. Please contact me if you have any questions regarding teaching or attending an ID course. Enjoy the off-season!

Respectfully Submitted,

Bruce Heichelbech  
Instructor Development Administrator  
Ohio Region NSP
