

## **Instructor Development Administrator Report - Spring Meeting - May 2025**

We currently have 13 ID Instructors listed with National for the Ohio Region as well as 6 IT's which should provide sufficient resources to conduct classes. The ID instructors who were due for renewal were updated over the winter season. It has been a bit challenging to get records updated accurately but that has improved. I hope each area offers up a course this Summer/Fall if there is interest at their area for patrollers who want to begin their journey to instruct in any NSP discipline.

National has dedicated a good bit of educational development resources to the ID program. The Hybrid online training was updated in the past year and the new education platform puts all resources needed to teach a great ID class at the instructors fingertips. There are now multiple options to complete the "in-person" portion either actually in person or via Zoom or similar as well as regular online offerings by the NSP education staff.

Hopefully these actions set us up for success in the Ohio Region to enable us to provide quality ID courses that are consistent across the Region. As always, I am open to feedback and suggestions as to how to make this foundational course the best it can be for our up and coming instructors across all disciplines. Please contact me if you have any questions regarding teaching or attending an ID course.

Respectfully Submitted,

Bruce Heichelbech

Instructor Development Administrator
