DIVISION SKI PATROL FESTIVAL: Dec. 9-10. Boyne Highlands

Originally, this event was designed for IT's and Sr. Evaluators who needed to recertify. Since its been restructured as a Ski Patrol Festival a number of courses have been added for all patrollers. Please speak to your area OET IT or email me for more information.

Session 1: Senior Alpine Evaluator Certification/Recert

Session 2: Snowsport Trainers Workshop:

Focus on skiing/ride fundamentals and benchmarks as defined by PSIA/AASI in the Alpine Technical Manual and Snowboard Technical Manual for Region snow sports trainers. This will also include Movement Analysis, Video review, and Movement Learning Activities. An understanding of and ability to ski/ride at the Senior level.

Session 3: PSIA-AASI Prep Workshop for NSP Trainers

Who should attend: people who already have their Level 1 or 2 PSIA-AASI certification and are actively preparing for their Level 2 or 3 examination review of The Learning Connection as it relates to people skills, teaching skills and technical skills. Review of ski/ride fundamentals and benchmarks as defined by PSIA-AASI in the Alpine Technical Manual, Snowboard Technical Manual, and Teaching Snowsports Manual. Discussions and suggestions for assisting the participant in assessment preparation using

the National Certification Standards and People Skills, Teaching skills and Technical skills performance guides. Opportunities will be available to work on Movement Analysis and Feedback skills, teaching progressions and technical knowledge.

Session 5: Senior Toboggan Evaluator Certification/Recert

Session 6: Toboggan Trainers IT Certification/Recert

Session 7: Hybrid Version Senior Toboggan Evaluator and IT Recertification

Session 8: Instructor Trainers Prep Clinic

This is a special session for Toboggan Trainers who wish to sharpen their teaching and demonstration skills with Division Staff and prepare to become an Instructor Trainer.

Session 9: PSIA-AASI Level 1 Exam (cost involved)

Session 10: Central Division MVP Program (Maintaining Valuable Patrollers) Guide Training

Toboggan I.T.'s who are over the age of sixty. RD's in consultation with their staff should choose participants who are actively involved in training at the Region level. RD's are welcome to "shadow" the workshop.

Session Will Provide: The workshop will train attendees to be MVP Guides, so that they can activate MVP Workshops for patrollers in their Region during the 2023/2024 season. The curriculum consists of pre-read materials, facilitated group discussion and skiing and tobogganing on-hill sessions.

Session 11: Avalanche Senior Elective

Who Should Attend: Any patrollers seeking to know more about avalanches or patrollers wanting a senior elective.

Session Will Provide: This course gives an introduction to critical knowledge and skills taught in avalanche education courses. The goal of this course is to introduce critical avoidance skills such as terrain analysis, route selection, and decision-making. This includes the importance of leadership and teamwork in rescue skills, which needs to be immediate but also needs to be methodical and coordinated. This course is a senior elective only and is not open to non-NSP members. Most of the day will be inside, with an outdoor portion. Dress appropriately.

REGION EVENTS:

Region OET IT Zoom calls

Region New Instructor Informational Zoom Call

Region Senior Evaluator: PreEvaluation call

TES/TTW Scheduled at Each Resort this season!

MVP PROGRAM: This program will help provide our older patrollers tactics and information to make them more effective on the hill. We are lucky to have Jim Vickroy and Dale Mihuda as our Region Guides. They will be attending training at Boyne in December. We hope to have at least two sessions, one in the North, and one in the South.

NEW SENIOR EVALUATION CARD PILOT: We might be one of 3 regions to pilot a new Senior Evaluation cards this season. Currently, cards are on hold.

GOALS:

1. OET IT's in 2020 we had 20 IT's in the Region. Currently, we have 15. Cleveland Ski Club, Paoli Peaks and Snow Trails have 1 OET IT. We need to develop additional IT's at these areas. We also have the need to develop female IT's. We have one of the lowest % of female IT's in the Division. The Division has developed the IT Prep Course that we will have this year @
